Dear Max Maude/Shane O'Neill,

I wish to apply for the ZTL Events Coordinator position as advertised on the VATUSA Forums. I believe that I serve as an excellent candidate for the position as I fulfill and exceed every requirement. I have considerable experience in Adobe Photoshop and the creation of event banners.

For the past few months, I have been working closely with Zack in the management, development, and creation of some of our most recent events. I have served as a TMU/CIC for a handful of events and I have been present on the division-level as a representative for ZTL during a vATCSCC Telcon or in the VATUSA Hotline as a supporting facility.

One of the largest problems that I have noticed is the lack of Charlotte events. Charlotte is often underappreciated by many of our controllers. While I do not think we should have a single-airport FNO at Charlotte, we could host a decent Saturday event or a multiple-ARTCC FNO featuring CLT. Some recurrent training may be deemed necessary depending on how our controllers feel about it, as I know many of them don't work Charlotte very often.

I appreciate your time and consideration of my application, and I look forward to hearing from you soon.

Best regards,
Eli Snowden
